

Industrial Valve Manufacturer in China

A subsidiary of XINTAI VALVE GROUP Co., Ltd. — 20 years of production & export experience

PRODUCT RANGE

Valves & Automation for Oil, Gas, Power and Chemical Industries

Ball Valve

- **Caliber:** 1/2" ~ 40"
- **Pressure:** 150Lb ~ 2500Lb
- **Material:** WCB, CF8, CF8M
A105, F316

Gate Valve

- **Caliber:** 1/2" ~ 60"
- **Pressure:** 150Lb ~ 2500Lb
- **Material:** WCB, WC6, WC9
CF8M

Globe Valve

- **Caliber:** 1/2" ~ 24"
- **Pressure:** 150Lb ~ 2500Lb
- **Material:** WCB, WC6, CF8M
F22

Butterfly Valve

- **Caliber:** 2" ~ 80"
- **Pressure:** 150 ~ 600Lb / PN100
- **Material:** WCB, CF8M
Ductile Iron

Check Valve

- **Caliber:** 1/2" ~ 48"
- **Pressure:** 150Lb ~ 2500Lb
- **Material:** WCB, WC6, CF8M
LCB

Pressure Seal Valve

- **Caliber:** 2" ~ 24"
- **Pressure:** 900Lb ~ 2500Lb
- **Material:** WC6, WC9, F91

Y Strainer

- **Caliber:** 1/2" ~ 24"
- **Pressure:** 150Lb ~ 2500Lb
- **Material:** WCB, CF8, CF8M

Actuated Valve

- **Caliber:** 1/2" ~ 80"
- **Pressure:** On-off / 4~20 mA
- **Material:** IP67 / Ex d, fail-safe

20+

Years Manufacturing

270,000+

Valves / Year

60,000 m²

Workshop & Foundry

A Member of XINTAI VALVE GROUP

VTXFLOW is a subsidiary of XINTAI VALVE GROUP Co., Ltd. with 20 years of production and sales experience, based in Wenzhou — China's valve manufacturing capital. We provide safe and reliable API, JIS and DIN standard ball, gate, globe, check, butterfly and safety valves, strainers and automation packages for pipeline fluids, holding API 6D, CE and ISO certificates. Our group integrates casting, production and export process service: 8 casting lines (20,000 m², 2,000 t/year), a 40,000 m² workshop producing 270,000 valves per year, and 30 million RMB of stainless steel valves in ready stock for fast worldwide delivery.

Machining Workshop

CNC Production Line

Assembly & Testing

WHY VTXFLOW

In-House Foundry

- 8 casting lines, 3,500+ valve molds
- Alloy steel cast at 1500°C
- 2,000 tons per year capacity

100% Inspection

- Hydrostatic & seat test on every valve
- API 598 / ISO 5208 standards
- EN 10204 3.1 certificates supplied

Certified & Fast

- API 6D, CE, ISO quality systems
- 500 pcs/day automated ball valve line
- SGS / BV third-party inspection

HOW TO ORDER

Send us: 1. Valve type & size 2. Pressure class 3. Body / trim material 4. End connections
5. Operation (manual / electric / pneumatic) 6. Design standard 7. Quantity — reply within 24 hours.

STANDARDS & OPTIONS

API 6D

API 600 / 602

API 607 Fire-Safe

BS 6364 Cryogenic
